John E. Roberts was granted a di-
vorce from Terys Roberts by Judge
Whitney this morning. The wife en-
tered no defense to the charge that
she exercised extremely cruel meth-
ods in the Roberts household, many
times beating the husband, several
times threatening to kill both him
and the small child and even seeking
to make good the threat once in point-
ing a revolver at the man and pulling
the trigger. Fatality was averted in
this instance, Mr. Roberts asserts, by
the fact that the gun happened to con-
tain no bullets.

with less fear of burning than in any other kind,
because aluminum is a better distributor of heat
and retains it longer. This means a saving in
fuel. And it means a saving in wear-and-tear
expense, too.
"Wear-Ever" utensils are light to handle and easy
to clean. They cannot form poisonous compounds
with fruit acids or foods.
"Wear-Ever" utensils are made from thick, hard
sheet aluminum, 99% pure, without joint, seam

injuring them. Cannot rust—cannot chip or
